TIP: It may be easier to access your account on your mobile device directly to save your OneTicket Passes.

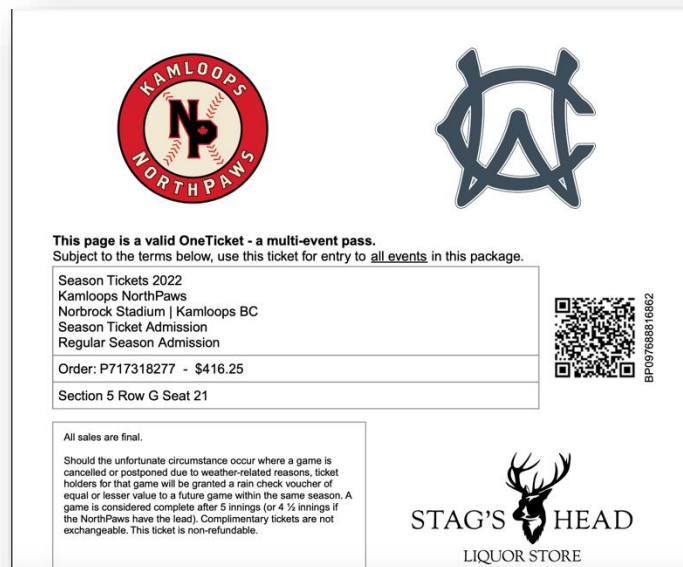

Apple Wallet is compatible with Android.

Use an application such as WalletPasses from the Google Play Store:

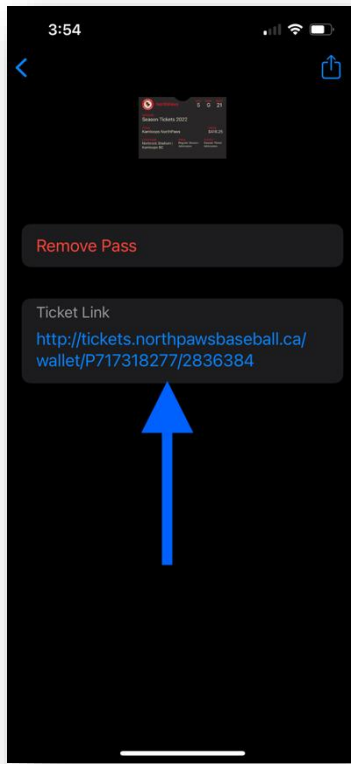

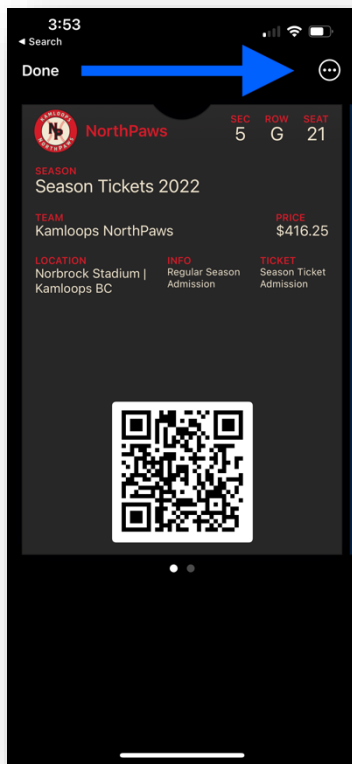

<https://play.google.com/store/apps/details?id=io.walletpasses.android>

2. Download and print PDFs. The **OneTicket and Individual PDF link** will download a single file with all passes (OneTickets) and single game PDFs. Print the pages you need. Each ticket is a single page.

3. Use your **Digital Wallet** to access barcodes from your account for single games and seats or other passes in the same order. The page is optimized for mobile browsers with large barcodes for **direct scanning**. You can save tickets (barcodes) as images for easy mobile sharing. Tap the small **blue arrow** under each barcode to save it as a picture for texting or easy sharing!

4. If you are not able to use the above digital methods, contact the box office for printed packages or passes.

Sharing Tickets to Friends?

We do not recommend sharing your OneTicket passes when you are unable to make a game. Instead, we recommend that you either:

1. Download and print (or email) the applicable PDF ticket. OR
2. Send your friend the applicable ticket from your digital wallet.

Other Stuff?

You can use your account to renew season tickets, purchase playoff tickets, and buy tickets for other events! You may also use your account to update your address information and account password.
